

# 3M™ Double Coated Tape GPT-020F

## Application Ideas

- ▶ POP/POS displays
- ▶ Light boxes
- ▶ Indoor-outdoor signs
- ▶ Paper bonding and packaging
- ▶ Metal fabrication
- ▶ Splicing and bonding
- ▶ Sports equipment
- ▶ Home decoration
- ▶ Trim attachment in appliance
- ▶ Mounting of plastic parts
- ▶ Mounting in electronics
- ▶ Furniture trim attachment

**Bonds to many high surface energy substrates and some low surface energy substrates, including:**

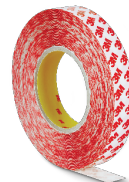

Stainless steel  
HDPE  
ABS

Acrylic  
PP  
Polycarbonate

Aluminum  
Glass

## Product Characteristics

- ▶ Excellent peel performance on a variety of substrates
- ▶ Excellent initial adhesion on most LSE and HSE surfaces
- ▶ Superior high temperature shear performance
- ▶ Competitive market price tier-B solution
- ▶ Solventless adhesive technology
- ▶ High thermal and humidity resistance
- ▶ Easy handling and converting due to film liner delivery

## GPT-020P & GPT-020F LOG ROLL Format

UU011691639	GPT-020P DCT Paper Liner 1000MM X 50M
UU010956199	GPT-020F DCT Film Liner 1540MM X 50M

## Technical Details

Adhesive	Solventless acrylic
Carrier type (thickness)	PET 12 micron (0.5 mil)
Liner type (thickness)	White PP 100 micron (4 mil)
Total tape thickness without liner	200 micron (8 mil)
Short term temp. performance	190°C
Long term temp. performance	90°C
Color	Transparent
