

Safety Data Sheet

Infosafe No™ MARR2 Issue Date : June 2016 APPROVED by MARTOGG

Product Name **Recyclene LLLD 000 F B JAZZ**

Not classified as hazardous

1. Identification

GHS Product Identifier Recyclene LLLD 000 F B JAZZ
Company Name LCM
Address 185 - 195 Frankston Dandenong Road Dandenong
Victoria 3175 Australia
Telephone/Fax Number Tel: 03 9791 5633
Fax: 03 9794 0971
Recommended use of the chemical and restrictions on use Recycled extrusion grade.
Other Information This information is given in good faith and no warranty, expressed or implied is made. It is the responsibility of the customer to determine product suitability for their respective applications.

2. Hazard Identification

GHS classification of the substance/mixture Not classified as hazardous according to the criteria of the NOHSC.
Not classified as dangerous good according to the ADG Code.
Risk Phrases
Not applicable
Safety Phrases
Not applicable

3. Composition/information on ingredients

Chemical Characterization Information on Composition Solid
This product contains a recycled alloy of linear low density polyethylene and additives.

Ingredients	Name	CAS	Proportion
	Linear Low Density Polyethylene	9002-88-4	100 %

4. First-aid measures

Inhalation Remove the source of contamination or move the victim to fresh air. Ensure airways are clear and have qualified person give oxygen through a facemask if breathing is difficult. If irritation develops, seek medical attention.
Ingestion DO NOT induce vomiting. Immediately wash mouth out with water. Seek immediate medical attention.
Skin Remove contaminated clothing and wash before re-use. Wash thoroughly with soap and water. If irritation develops, seek medical attention. Hot/molten material will adhere to exposed skin and cause burns. Cool material as quickly as possible under running water. Seek medical attention for prompt removal of the material adhering to victim and for treatment of burn. Refrain from removing material from skin or clothing as removal may result in greater damage to patient.
Eye contact If contact with the eye(s) occur, wash with copious amounts of water, holding eyelid(s) open. Take care not to rinse contaminated water into the non-affected eye. If irritation develops, seek medical attention. Treat as skin burn if in contact with molten material.
First Aid Facilities Eye wash and normal wash room facilities.
Advice to Doctor Treat symptomatically.

5. Fire-fighting measures

Suitable extinguishing media Use dry chemical powder, carbon dioxide or foam.
Do NOT use water jets. Cool fire exposed containers with water spray.
Hazards from Combustion Products Under fire conditions this product may emit toxic and/or irritating fumes including carbon monoxide, carbon dioxide, oxides of aluminium and oxides of nitrogen.

Safety Data Sheet

Infosafe No™ MARR2 Issue Date : June 2016 APPROVED by MARTOGG

Product Name **Recyclene LLLD 000 F B JAZZ**

Not classified as hazardous

Specific hazards arising from the chemical Product is a combustible thermoplastic material and may burn in the presence of extreme heat and oxygen. Avoid extreme heat. Cool surrounding areas with water to contain fire zones, soak thoroughly with water to prevent ignition.

Precautions in connection with Fire Fire-fighters should wear full protective clothing and self contained breathing apparatus (SCBA) operated in positive pressure mode.

6. Accidental release measures

Emergency Procedures Wear protective clothing to minimise skin and eye exposure. Sweep up material and place into the same container.

7. Handling and storage

Precautions for Safe Handling It is essential that all who come into contact with this material maintain high standards of personal hygiene ie. washing hands prior to eating, drinking or going to the toilet.

Conditions for safe storage, including any incompatibilities Store in a cool, dry, well-ventilated area, away from sources of ignition and out of direct sunlight. Keep containers closed when not in use. Store in suitable, labelled containers.

8. Exposure controls/personal protection

Occupational exposure limit values No exposure standards have been established for this material by the National Occupational Health And Safety Commission (NOHSC).

Appropriate engineering controls Use with good general ventilation. If decomposition fumes are produced at high temperatures, local exhaust ventilation should be used.

Respiratory Protection Unlikely at normal conditions, however if the product decomposes at high temperatures and release toxic fumes, the use of an approved respirator with filter complying with AS/NZS 1715 and AS/NZS 1716 is recommended; however final choice of appropriate breathing protection is dependant upon actual airborne concentrations and the type of breathing protection required will vary according to individual circumstances. Expert advice may be required to make this decision. Reference should be made to Australian Standards AS/NZS 1715- Selection, Use and Maintenance of Respiratory Protective Devices; and AS/NZS 1716- Respiratory Protective Devices.

Eye Protection Chemical safety glasses or face shield recommended as appropriate. Final choice of appropriate eye/face protection will vary according to individual circumstances including methods of handling or engineering controls as determined by appropriate risk assessments. Eye protection should conform to Australian/New Zealand Standard AS/NZS 1337- Eye Protectors for Industrial Applications.

Hand Protection Impervious gloves recommended as appropriate. Final choice of appropriate glove type will vary according to individual circumstances, including methods of handling or engineering controls as determined by appropriate risk assessments. Refer to AS/NZS 2161 Occupational protective gloves- Selection, use and maintenance.

Body Protection Suitable protective clothing should be worn e.g. cotton overalls buttoned at neck and wrist. Safety boots should be worn conforming to AS/NZS 2210.1:1994 : 'Occupational protective footwear - Guide to selection, care and use'.

9. Physical and chemical properties

Form Solid

Appearance All coloured pellets.

Melting Point Not available

Boiling Point Not applicable

Solubility in Water Insoluble

Specific Gravity 0.93 - 0.94 @ 23°C

pH Not applicable

Vapour Pressure Not applicable

Vapour Density (Air=1) Not applicable

Safety Data Sheet

Infosafe No™ MARR2 Issue Date : June 2016 APPROVED by MARTOGG

Product Name **Recyclene LLLD 000 F B JAZZ**

Not classified as hazardous

Flash Point	Not available
Flammability	Product is a combustible thermoplastic material and may burn in the presence of extreme heat and oxygen.
Auto-Ignition Temperature	Not available
Flammable Limits - Lower	Not available
Flammable Limits - Upper	Not available

10. Stability and reactivity

Chemical Stability	Stable under normal conditions.
Conditions to Avoid	Excessive heat
Incompatible Materials	Unknown
Hazardous Decomposition Products	Thermal decomposition may result in the release of toxic and/or irritating fumes including carbon monoxide, carbon dioxide and oxides of aluminium.
Possibility of hazardous reactions	Not available
Hazardous Polymerization	Will not occur.

11. Toxicological Information

Toxicology Information	No toxicology data available for this product.
Inhalation	Unlikely route of exposure. Inhalation of product fumes may irritate the respiratory system.
Ingestion	No adverse effects expected however large amounts may cause nausea and vomiting.
Skin	Skin contact may cause mechanical irritation resulting in redness and itching.
Eye	Eye contact may cause mechanical irritation.
Chronic Effects	Unknown

12. Ecological information

Ecotoxicity	No data is available for this material.
Persistence and degradability	No data is available for this material.
Mobility	No data is available for this material.
Environmental Protection	Prevent substance from entering the environment.

13. Disposal considerations

Disposal Considerations	Dispose of waste according to federal, E.P.A and State regulations. Assure conformity with all applicable regulations.
--------------------------------	--

14. Transport information

Transport Information	Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road, Rail & Air.
Other Information	Special Precautions for User: Unknown.

15. Regulatory information

Poisons Schedule	Not Scheduled
AICS (Australia)	All components in this product are listed on AICS (Australian Inventory of Chemical Substances).

Safety Data Sheet

Infosafe No™ MARR2 Issue Date : June 2016 APPROVED by MARTOGG

Product Name **Recyclene LLLD 000 F B JAZZ**

Not classified as hazardous

16. Other Information

Date of preparation or last revision of SDS MSDS Creation: June 2016.

Contact Person/Point Technical Inquires: (03) 9791 5633 (BH)

Other Information This information is given in good faith and no warranty, expressed or implied is made. It is the responsibility of the customer to determine product suitability for their respective applications.
