

Tensor®

Bullet® MULTI-PURPOSE Bond MIST SPRAY

TECHNICAL DATA SHEET

CREATED FOR THOSE WHO VALUE TIME

Nothing beats a trusty product that gives you what you truly deserve – performance, strength, and efficiency.

Experience unmatched versatility with this fine mist spray adhesive, capable of bonding a vast array of substrates. Specifically engineered to prevent absorption and bleed-through on delicate fabrics, it ensures flawless application every time.

Say goodbye to waiting around – this adhesive dries super-fast, allowing projects to move forward seamlessly without the hassle of clamps or tape. Perfect for that on-the-go lifestyle.

ADVANTAGES

AUSTRALIAN MADE

Bullet Bond® Multi-Purpose Mist Spray is manufactured in our Queanbeyan factory. Say goodbye to importing delays and experience seamless supply and products that meet the highest quality standards.

METHYLENE CHLORIDE FREE

You'll also be pleased to know that Bullet Bond® Multi-Purpose Mist Spray is Methylene Chloride Free, making it safer to work with, so now safety doesn't have to mean compromising on quality.

RECYCLABLE STEEL

Bullet Bond® canisters are made using recyclable steel

- ✓ Instant Tack
- ✓ Rapid Drying Time
- ✓ High Initial Strength
- ✓ Prevention of Absorption and Bleed-Through
- ✓ Adjustable Bonding Options
- ✓ Discreet Solution

ADHESIVE PROPERTIES

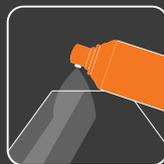

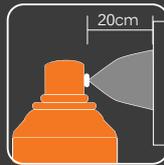

Total Solids	32%
Viscosity	300cp
Shear Strength	2000n +/- 5%
System Flammability	Flammable adhesive with a flammable propellant
Tack off time	30 seconds
Open time	< 20 Minutes
Failure Temp	85°C

Sizes	22 Litres, 500mL
Coverage	22 L Canister: 170m ² approx bonded coverage or 340m ² single sided 500 mL: 4m ² approx bonded coverage or 8m ² single sided
Colour	Clear
Shelf Life	24 months from date of manufacture

DIRECTIONS FOR USE

Aerosol

- Shake can well before use.
- Ensure surfaces are clean and free of contaminants.
- Hold can 20-30cm from surface and spray a light even coat of adhesive.
- Place surfaces together immediately and apply pressure to solidify the bond.
- Clean up with TensorGrip® C101 citrus cleaner.

Canister

- Shake well before use.
- Ensure surfaces are clean and free of contaminants.
- Hold gun 20-30cm from surface and spray a light even coat of adhesive.
- Place surfaces together immediately and apply pressure to solidify the bond.
- Clean up with TensorGrip® C101 citrus cleaner.

NOTE: this product is not designed to provide a permanent bond in areas that are exposed to sunlight or extreme temperatures.

HANDLING & STORAGE

- Consult Material Safety Data Sheet prior to use.
- Do not store at environment with temperature below 15°C and over 50°C.
- Avoid exposure to direct sunlight.
- Do not store directly on concrete floor.
- Always test our adhesives to determine suitability for your particular application prior to use.
