

Product Description

K740 FlowMask™ is a high grade Japanese Washi Tape. It consists of an ultra thin, flat, dense paper backing coated with a very low tack emulsion acrylic adhesive system

Product Features

- Ultra thin, so sits flat on surfaces and gives ultra crisp, sharp edges
- Very low tack for delicate surfaces
- Very strong, so strips without breaking
- Sits flat and so no edge-bleed on smooth surfaces
- Excellent UV Stability, up to 90 Days outdoors

Benefits

- ✓ Protects surfaces from being damaged when removed and can be used on wallpaper and other delicate surfaces
- ✓ Paint remains keyed to tape so does not flake when removed
- ✓ Can be used as a protective, sacrificial layer on delicate surfaces and then a high tack double sided applied down the middle of it
- ✓ Hand-tearable but excellent tensile strength
- ✓ Can be written on with Texta Pen

Key Markets

- Painting and decorating, particularly on high value surfaces that cannot afford to damage e.g. historical buildings with preservation orders or heritage listing
- Taping and holding where clean removal required later e.g. holding paper documents to a flat surface for draughts people
- Event management, film shoots and location work where need to protect underlying surfaces from damage
- Powder coat masking on very delicate surfaces susceptible to ghosting effects with other tapes
